

# 01. About US

CANOVER is an Interior Designing & Finishing Company based in Qatar since 2021 with the team of professionals & specialist who have been working in this field for years in the Qatari Market.

We always see to meet our clients functional requirements beautifully and simply & provide our customers with integrated services from initial design to final finishing in the highest quality and best price.

A modern kitchen featuring teal-colored lower cabinets with brass handles, a white countertop, and a stainless steel oven. Above the counter, there are open wooden shelves holding various kitchen items like a coffee maker, a knife block, and some glassware. The upper cabinets are white. The floor is made of light-colored wood.

# 02 Mission

To be a profitable, ethical, and market-driven company and consistently provide reliable products in all categories of modular furniture system.

A modern office space with teal-colored walls. In the foreground, there's a desk with a glass top and a metal frame. On the desk, there are several computer monitors, a keyboard, and a mouse. A large window with blinds is in the background, letting in natural light. A modern pendant lamp hangs over the desk.

# 03 Vision

To provide innovative and quality products to our customer meeting their expectations.

# 04 Why CANOVER

CANOVER has more than ten years of experience with a high-level team of experts. We study and analyze the field to find the primary aspects that have the biggest impact on the performance of our interior design projects & we provide our customers with integrated services from initial design to final finish.

# 05 Kitchen

# Classic Kitchen

A classic kitchen is extremely simple and incredibly flexible, popular with its warmth and comfort, as nothing feels quieter home than a classic kitchen, due to the timeless touches, tiny details, and neutral color schemes.

# Modern Kitchen

A modern kitchen is defined as homely and warm or contemporary and cool, designs to fit every taste and kitchen size.

CANOVER has high-quality modern kitchens that people love to spend all their time in.

Take a peek at the gallery to find your ideal modern kitchen design.

# Stainless Kitchen

Stylishly sleek and aesthetic in appearance, stainless steel lends an ultra modern look to the kitchen. While the common perception is that steel is sterile and dull we believe in belying these traditional views by giving contrasting wall colours and an excellent design that can transform the kitchen space into an earthy room exuding warmth and inspiring one to cook soul food

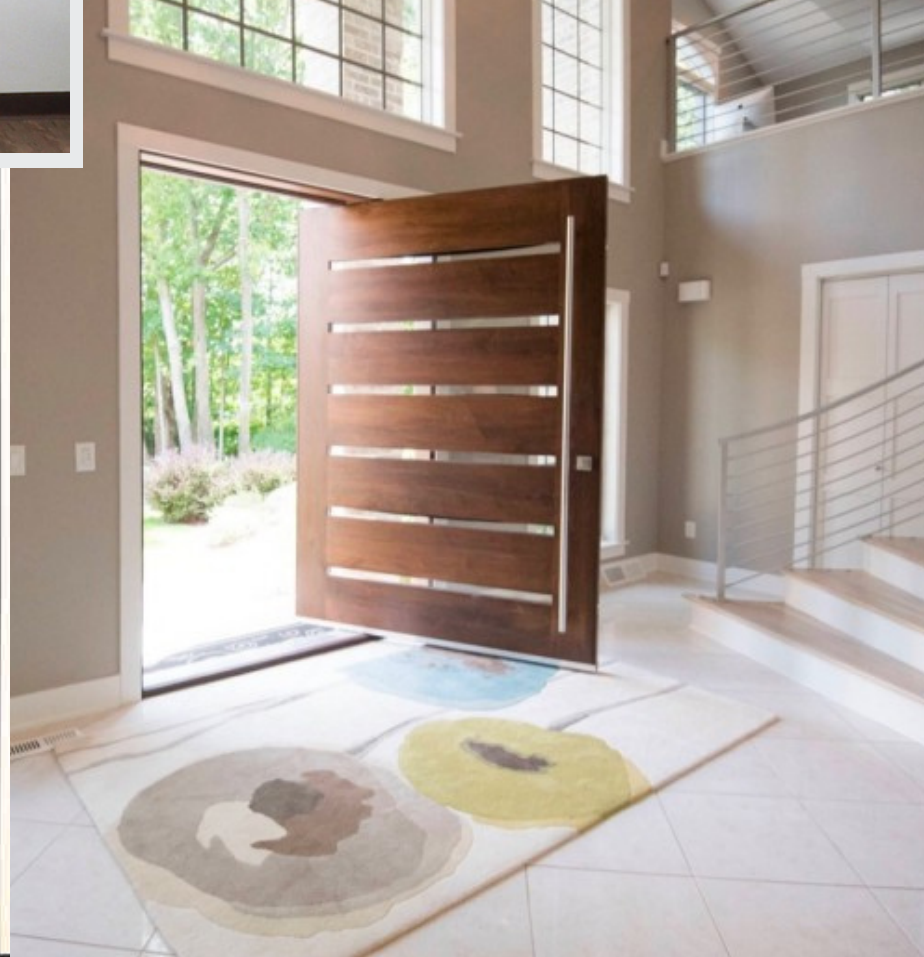

# Crack Kitchen

A kitchen doesn't need to be devoid of modern conveniences and amenities and can accommodate a wide range of tastes, styles, and budgets. CANOVER has high-quality kitchens that people love to spend all their time in.

# 06 Doors

# Classic Doors

Every opening is an opportunity to make a lasting impression and classic doors add brilliant royal appeal to the main design

Transform your space with endless unique and luxury classic doors collections from Canover, Here are some door design ideas that you can select from, depending on your preferences and needs.

# Fire-Rated Doors

During a fire, fire-rated doors are critical for keeping people safe and reducing property damage, they can stop a fire or smoke from spreading for up to 3 hours, metal fire doors are a cost-effective alternative to wood fire doors as Steel is the only door material that can stand a 3-hour fire.

Fire rated doors can stop a fire or smoke spreading for about 30 minutes, 45 minutes, 60 minutes, 90 minutes and 120 minutes.

# Modern Doors

The modern home is one of the challenging architectural styles to attain, and doors play an important role in it, can make a big change, and due to the simplicity of modern design, every detail must be precise.

# 09 Granite

  
CANOVER

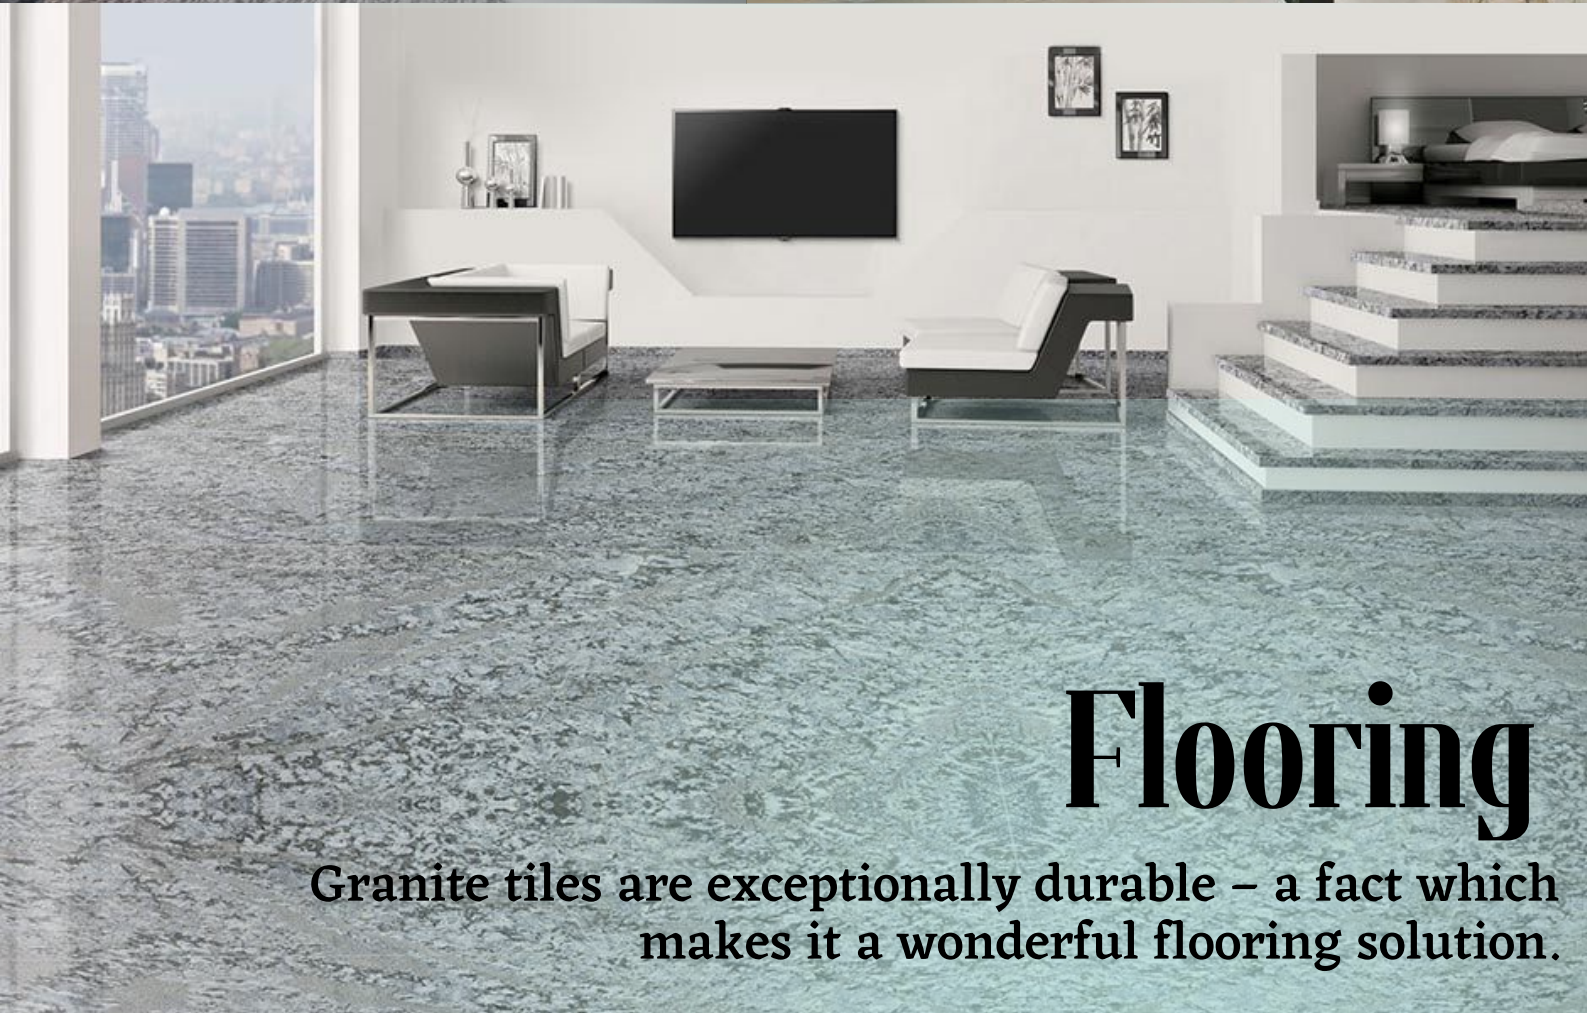

# Staircase

Granite is a great material, as well as its durability, brings beauty to the environment. Due to these characteristics, granite is more resistant to stains and has a much lower value than marble.

# Flooring

Granite tiles are exceptionally durable – a fact which makes it a wonderful flooring solution.

# Countertop

When it is about having a beautiful as well as a durable option for worktops, CANOVER granite worktops are the best options. The beauty of the material is everlasting and no time can ever affect the elegance that it has.

# Vanity Counter

CANOVER Granite vanity counters has all the qualities you need for not only a beautiful bathroom vanity, but a long-lasting one as well.

# 10 Marbles

# Natural Marble

Natural marble has popularity and applicability in modern home décor, such as exterior walls, sculptures, kitchen, stairs, toilet, etc.

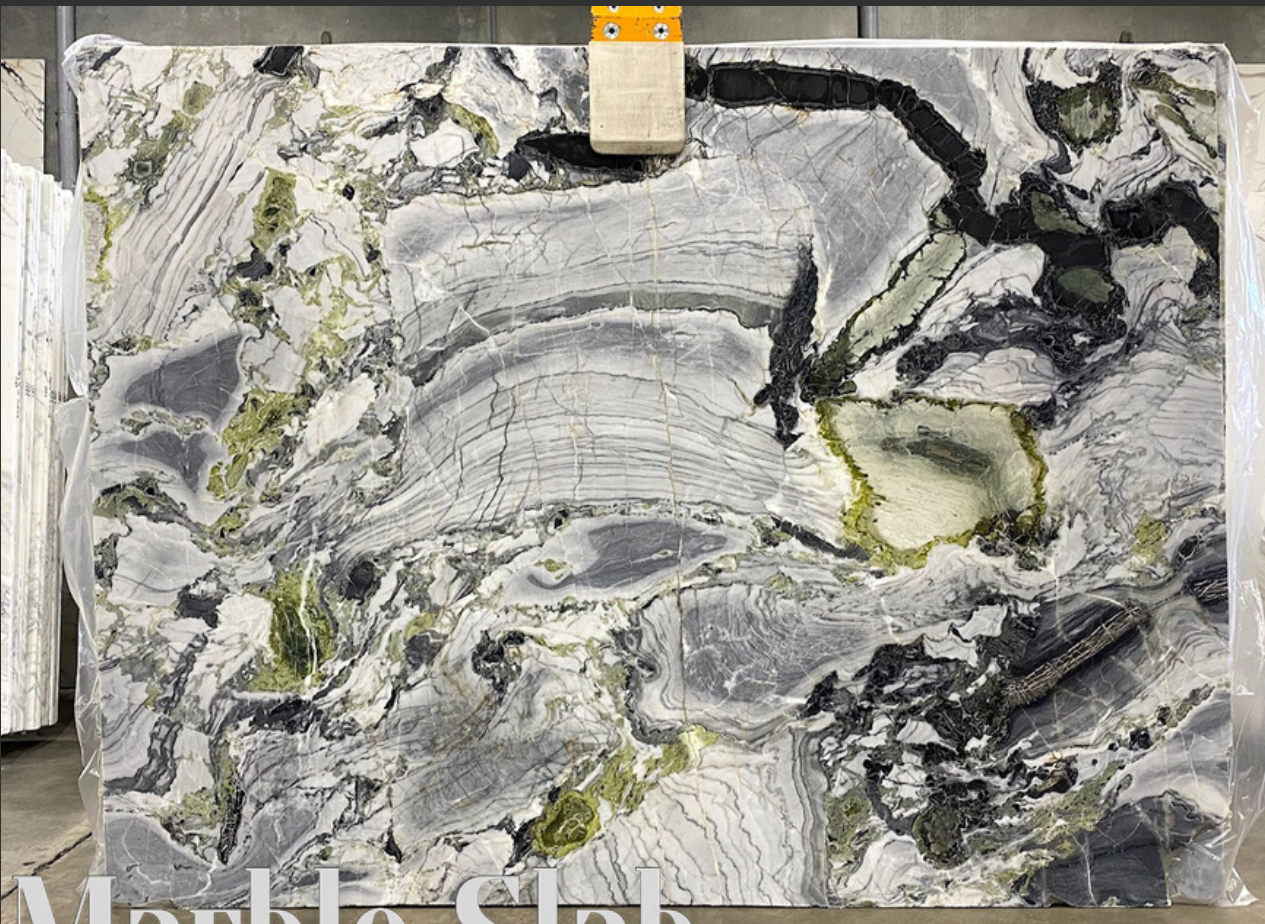

## Marble Tiles

**Water Jet  
Marbles**

**Marble Slab**

# Artificial Slab

Artificial Stone Slabs is typically stronger in flexibility and hardness, and less porous, than natural stone.

It is typically uniform in structure leading to inherent strength. CANOVER presents wide range of Quartz, Moonstone and Corian Top Slabs.

# 11 Parquet

The aesthetic appearance of wood with easy maintenance: wood look tiles, also known as ceramic wood or parquet tiles! CANOVER has created these floor and wall coverings in coloured body porcelain stoneware which have all the advantages of ceramic while offering a faithful reproduction of wood.
